

CIBTAC LEVEL 3 CERTIFICATE IN ANATOMY, PHYSIOLOGY AND PATHOLOGY

This qualification provides the Learner with all of the necessary foundation underpinning knowledge required of Anatomy, Physiology and Pathology in relation to Complementary Therapies.

It also provides greater understanding and awareness of the symptoms, causes and restrictions of less common pathologies, diseases and disorders - ensuring the therapist understands when not to treat.

The qualification consists of one mandatory unit.

Qualification title	QAN number	Qualification code	Level	Pre-requisites	
CIBTAC Level 3 Certificate in Anatomy, Physiology and Pathology	600/5672/1	CCC01	3	None required	
Mandatory units	UAN number	Unit code	Level	Credit value	GLH
Knowledge of anatomy, physiology and pathology for complementary therapies	J/615/6053	T118	3	15	110
Minimum credit/hours				15	110
Minimum TQT				154	

PORTFOLIO CONTENTS

The purpose of a portfolio is to keep in one place a record of evidence of all treatments or occasions where practice and experience of techniques and ranges for the qualification being studied, are kept.

The folder should be large enough to hold all of this evidence generated, a lever arch folder is usually sufficient. If more than one qualification is being studied for, it is often possible to put all of the evidence in one folder keeping it organised and clearly identified, with the use of dividers.

To remove the need to duplicated evidence it is important to be aware that if any units of study are replicated between qualifications being studied it is highly recommended that the evidence is only produced once but clearly signposted for an Examiner to find.

Additional portfolio evidence (must be completed by Learner and marked by the tutor prior to exam)

- Complementary Therapies Assignment Six: Knowledge of Less Common Pathology for Complementary Therapy
- CIBTAC Level 3 Certificate in Anatomy, Physiology and Pathology range sheet

Exam process

Theory: Multiple choice examination paper

Examiner instructions: 10 minutes

Examination duration: 1 Hour
